READING THE NUMBERS

How to interpret your results

Each figure is clearly sourced so you can see what it measures and where it came from. Together, these results show the reach of this release and how it contributes to your broader communications and digital footprint.

Every placement builds your footprint

Your release is live on Affinity Group Publications. Each placement gives your news another place to be discovered while adding attributable data points to your organization's digital record.

Search & AI can find your news more easily

Indexable placements help search engines and AI answer systems discover and understand your news. Each release strengthens the digital footprint surrounding your company, products and expertise.

Journalists make the editorial call

We delivered your story to journalists, with your organization clearly identified as the source. Each journalist and newsroom independently decides which stories to pursue, cover or publish.

Different numbers tell you different things

Placements show where your press release appeared. Delivery figures show where your news was sent, while audience estimates indicate the potential scale of the publications and platforms carrying it.

AUDIENCE SCALE

Your placements span a network with 330+ million monthly visitors

According to reported audience data from our syndication partners, the sites carrying your press release collectively reach more than 330 million unique visitors each month. This represents the potential audience available across your distribution footprint. It is not guaranteed views of any individual release.

PUBLICATION TRAIL

A record from source to distribution

We timestamp your press release as it enters our distribution network and track its reach where possible, creating a verifiable record. Your story may also gain additional exposure as other media outlets pick it up over time.

TIMESTAMP: 12 APR 2023, 09:00 EDT

01

Release submitted, source verified

We verify the account holder associated with the press release, creating a clear record of who submitted the news.

● TRACKED

02

Editorial review completed

Our editorial team reviewed your release against EIN Presswire's publication guidelines. The distributed version is recorded against the final copy you approved, helping preserve the integrity and attribution of your announcement.

● TRACKED

03

Released into distribution

Your press release moved from submission into active distribution across major news channels, including AP News and Google News, along with the geographic and industry distribution channels selected for your release.

5

TRACKED

04

More pathways for search and AI discovery

Publishing your news across established, indexable sources creates more opportunities for Google, Bing and Yahoo, as well as AI-powered answer systems such as ChatGPT, Claude and Gemini, to discover, understand and potentially surface your story.

6

TRACKED

05

Delivered to professional news databases

Your release reached professional information platforms including Bloomberg Terminals, Muck Rack, Moody's NewsEdge, Naviga, MENAFN and Crunchbase, where journalists, analysts, researchers and other decision-makers monitor organizations and industry developments. Paid access is required to use these databases.

6

OUTREACH COMPLETED

06

Published across news platforms

Your press release is now live across 63 local broadcast news sites, extending your story from national distribution into local media markets across the U.S. Each confirmed placement can be followed through its direct link in your tracking file.

63

TRACKED

07

Published through Affinity Group Publications

Your release now appears across 120 sites within Affinity Group Publications (AGPs), EIN Presswire's exclusive network of more than 3,900 niche news sites covering industries, regions and communities worldwide. Each placement extends its reach and adds to your digital footprint.

120

TRACKED

08

Delivered through the World Media Directory

Your release was delivered directly to 117 journalists and media contacts across United States and Florida based on your selected targeting. This is direct media outreach rather than guaranteed publication; each journalist or newsroom independently decides which stories to pursue.

117

OUTREACH COMPLETED

09

Published across EIN Presswire newswires

Your release also appears across 27 EIN Presswire geographic and industry newswires, helping connect your story with audiences by location and subject. These attributable, indexable pages add relevant context around your organization, supporting SEO, GEO, and AI discoverability while strengthening the digital footprint around the markets and topics most closely associated with your brand.

27

TRACKED

TRUST INFRASTRUCTURE

The proof behind your results

EIN Presswire is part of Newsmatics, a trust infrastructure company built around attribution and transparency.

Your distribution report creates a traceable record of where your release came from, how it was reviewed, where it was distributed and where it appeared. That gives you more than reach. It gives you evidence you can verify, share and build on.

Over time, each release adds another attributable piece to your company's digital record, helping strengthen your brand narrative, digital footprint, SEO, GEO and AI discoverability.

AUTHENTICITY

EIN PRESSWIRE

Proof your press release is authentic

EIN Presswire links your press release to the verified account holder and timestamps its entry into distribution. Your downloadable file brings that record together with your confirmed placement links.

DOWNLOAD THE CSV TRACKING FILE →

FAIRNESS

Perspectify

Proof of media ownership

Perspectify shows who owns the outlets carrying your release and how they lean. It applies the same research method to every publisher, giving you consistent context wherever your story appears.

OPEN PERSPECTIFY →

EIN Presswire is part of Newsmatics, a trust infrastructure company built around attributable information.
